**REVIEW OF STERILISATION PERFORMANCE
(UPTO 2009 - 2010)**

- I During 2009-10 (upto March 2010), Tamil Nadu has achieved 346456 cases out of 400000 Expected Level of Demand under sterilisation. There is an Increase of 2485 Sterilisations, compared to the previous year corresponding period. The performance of Vasectomy is 2603 as against 2462 in last year corresponding period.
- II Kanniyakumari District stands first in Sterilisation performance upto March 2010 followed by Eraode and Krishnagiri Districts in second and third rank respectively against their ELD. The efforts taken by the District Officers and field staff of these Districts are appreciated. During March 2010, except Namakkal and Villupuram Districts all other Districts have shown improvement in sterilisation performance compared to previous month.
- III The performance is less than 85% of Expected level of demand in The Nilgiris, Nagapattinam, Ariyalur, Karur, Ramnad, Tiruppur, Salem, Tanjavur, Tiruvarur, Pudukkottai, Theni, Namakkal, Perambalur, Thiruvannamalai, Chennai and Toothukudi. All District officers are requested to collect the Family Welfare performance from all the Institutions every month without any omission.
- IV When compared with last year (upto March 2009) sterilisation achievement, Salem, Vellore, Namakkal, Tiruvallur, The Nilgiris, Dharmapuri, Erode, Viruthunagar, Krishnagiri, Nagapattinam, Ramnad and Theni Districts have shown backlog in sterilisation performance by more than 100. Particularly the Districts Officers of Salem, Dharmapuri and Tiruvallur Districts have shown a reduction of more than 500 sterilisation cases.
- V Perambalur District has reported single digit performance in Vasectomy. The performance of NSV is very very poor in respect of Dindigul, Krishnagiri, Tiruppur and Perambalur (<25 cases). More number of NSV and Laparoscopic camps are to be organised to improve sterilisation performance. The District Officers are requested to function the operation theatres at Government hospitals and primary health centres throughout the year without leaving a single operation theatre idle in any month. The performance in Government institutions should be improved by utilising the enhanced compensation amount to Tubectomy acceptors of BPL category and all Vasectomy acceptors. The compensation amount should be paid to sterilisation acceptors before discharge from the hospital. The labour ward staff and ANMs / HVs of Government hospitals should motivate the mothers with 2 and above children to accept tubectomy.
