REVIEW OF STERILISATION PERFORMANCE (March - 2015)

- I During the Financial Year 2014-2015 (Upto March 2015) Tamil Nadu has performed 3,11,322 cases out of 3,50,000 Proportionate Expected Level of Demand under sterilisation. The performance has decreased by 11988 Sterilisations, compared to the previous year corresponding period of achievement. The performance of Vasectomy is 1199 as against 1384 of the last year corresponding period and is decreased by 185 cases.
- II During the year 2014 - 2015, the ELD under sterilisation for the entire State is fixed as 3,50,000. Thoothukudi district stands first in Sterilisation performance upto March 2015 followed by Thiruchirapalli district stands second rank and Nagapattinum district stands third rank against their ELD. None of the districts have achieved their ELD upto March 2015. All the District Officers are requested to take effort to achieve their ELD in full right from the beginning without compromising the quality of the Family Welfare service.
- III **The performance is less than the state average 88.9% of Expected level of demand is found in 15 Districts namely Dharmapuri, Namakkal, Chennai, Villupuram, Dindugal, Sivagangai, Thanjavur, Karur, Cuddalore, Theni, Pudukottai, Salem, Thiruvanamalai, Thiruvallur and The Nilgiris.**
- IV Twenty five districts namely Ramanathapuram, Kancheepuram, Thanjavur, Tiruppur, Erode, Nagapattinum, Coimbatore, Vellore, Thirunelveli, Theni, Namakkal, Virudhunagar, Madurai, Karur, Sivagnagai, Kanyakumari, Thiruvanamalai, Salem, Pudukottai, Dharmapuri, Cuddalore, Dindugal, Villupuram, The Nilgiris and Thiruvallur have shown backlog in sterilisation performance when compared to last year corresponding period. The District Officers of low performance districts have to improve the sterilisation performance in their Districts. Critical review should be conducted by the District officers and the minutes should be sent to the medical officers of poor performing institutions to improve the performance.
- V Through effective and enhanced IEC activities and with the active involvement of all the staff members, more number of NSV and Laparoscopic camps can be organised with productive results in the NSV and sterilisation performance.
- VI The compensation amount should be paid to sterilisation acceptors before discharge from the hospitals. Family Welfare Sterilisation motivator incentive and incentives to the Medical and Paramedical staff have to be paid on the same day itself as per guidelines issued in the minutes of the DD Medical review meeting held on 18.4.2013, by this Directorate. The Family Welfare programme should not suffer due to the non payment of the Surgeon/Anaesthetist/Paramedical fees or Motivator fees. The labor ward staff nurses and ANMs / HVs/RMNCH Counsellors of Government hospitals should motivate the mothers with 2 and above children to accept tubectomy so as to improve the delivery coverage and also to reduce the Higher Order of Births.
- VII During the Financial Year 2014-2015 (upto March 2015) Tamil Nadu has performed 1,09,748 cases out of 1,10,000 Expected Level of Demand under PPIUCD. The performance of PPIUCD has increased by 1636 compared to the previous month achievement (February 2015). Sixteen districts have achieved their ELD upto March 2015. Five districts have shown less than 50% of poor performance in PPIUCD.
